

Robert DiCarlo

August 20, 2007

Dear Manorville Resident,

My name is Robert DiCarlo and I am running for Brookhaven Town Supervisor this year. My goal, from now until Election Day, is to earn your vote and to demonstrate why I am the only candidate who's going to make a real difference for our Town.

Like you, I call Brookhaven home and want my three children to be happy and healthy. Sadly, the compost situation in Manorville poses many threats to our residents. If elected, the health and quality of life of my constituents will be of the utmost importance.

During his election Brian Foley promised to care for your community, instead the only thing he's done is expand a compost dump in the middle of your neighborhood by allowing commercial compost waste to be accepted thereby allowing more foul odors and more trucks on the road.

The fact is I, like you, am opposed to commercial dumping at this site. This situation is completely unacceptable.

As your Town Supervisor I will fight hard against the compost sites in Manorville, I will be responsive to your health concerns and will be your advocate to improve the quality of life in your neighborhood.

In addition to the compost site, Brian Foley has given all of us the **LARGEST Property Tax Increase** in the Town's history, the **MOST Spending** in the Town's History and amazingly tried to use **YOUR** tax dollars to support illegal aliens. WE NEED A CHANGE.

If I can be of any help, or if you have any questions please call me at 631-833-2733 or visit my website at www.DiCarlo2007.com

Thank you,

Robert DiCarlo
